Guests in Attendance: Brandon Beachamp, Kristin Trujillo

Additions to Agenda: None

Approval of Agenda: Merle made motion to accept agenda; 2nd by Richard; all approved

Business:

- **Request for Proposals – RFP**
 - Merle, Robert, Kathy, Glenn and Brandon sat in on an interview on Monday January 25, 2016 with Brandon Mahon and Brad Baird from Anderson Perry. Merle reported to council that Anderson Perry has several different type of engineer who specializes in specific fields such as Wastewater, Water, Streets and others. The city would pay a lower rate with Brandon Mahon working with the City, but if Brandon Mahon had question he could contact a senior engineers within Anderson Perry. Questions were directed in regards to how quickly they could complete the DEQ project and how quickly they could get up to speed on the City of Dufur system. Anderson Perry had the equipment to complete the DEQ outfall and could have in the creek with 120 days. Overall Glenn, Brandon, Merle had a great feeling about Anderson Perry. Anderson Perry could also help us get a master plan started so we could get funding for projects. Anderson Perry contracts with different engineering firms for City Planner and have worked with Nick from Tenneson before. Council to schedule an interview with Tenneson Engineering; picked February 4 or 8 at 6pm to offer Tenneson for interview.

Adjournment: Merle Made motion to adjourn at 7:40 pm; 2nd by Doug; all approved

Mayor, Robert Wallace

City Recorder, Kathy Bostick
